Tonsan 1527 is a high-performance silicone adhesive designed for reliable solar panel mounting and bonding. It delivers strong, durable adhesion for caravan, RV, marine and off-grid installations, ...

Creates a tight, permanent, waterproof seal. Remains flexible to temperatures as low as -57°C (-70°F). Bonds to a wide range of surfaces. The adhesive is protected by a release liner. Note: Your Enquiry ...

High Adhesion for PV Modules - Specially formulated for strong bonding in photovoltaic module assembly and solar panel sealing. Weatherproof & Durable - Excellent resistance to extreme ...

Tonsan 1527 is a high-performance silicone adhesive designed for ...

Other attributes Place of Origin Zhejiang, China Main Raw Material Silicone Usage Construction, pv modules Other Names solar sealant EINECS No. 1527 Classification Other Adhesives Brand Name ...

Sealant & Adhesive-1527 ... It is an adhesive and insulating material used in the solar panel industry to bond different parts such as the junction box, frame, plastic backing, and windshield, in addition to ...

Product shall be ideally store in a cool, dry area in unopened containers. 1527 has a shelf life of 12 months from the date of manufacture. Material should be stored at a temperature of 8-25°C. Do not ...

PRODUCTION DESCRIPTION White, UL certificated, super resistance to ultra violet(UV), rain, contamination and hail. For sealing the side frames of solar cell, sealing/adhesive the junction boxes ...

This material is recommended for sealing the side side frames of solar solar cell,, sealing/adhesive the the junction junction boxes boxes of solar solar cell and and ...

1527 Special adhesive for photovoltaic panels

This product is not recommended for use in pure oxygen and/or oxygen rich systems and should not be selected as a sealant for chlorine or other strong oxidizing materials.

1527 Black, also called 1527SBK is a black, UL certificated, one component RTV silicone with super resistance to weathering and ultra violet(UV). This material has very good adhesion without the need ...
