Get detailed specs and pricing for Sunmaygo's solar containers. Compare models, battery options, and calculate ROI. Find the best mobile solar power system for your needs.

Each unit is 100% solar-powered with battery backup, requiring no fuel, generator, or grid connection--ensuring uninterrupted, dependable operation in any environment.

Learn how switching to solar-powered airport systems, such as solar obstruction lights and solar-powered wind cones, helps reduce emissions and cut energy costs.

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.

The 8ft Mobile Solar Container by HighJoule delivers 20KW of clean energy in a compact design. Engineered for emergency response and portable energy demands, this lightweight container ...

Increases your energy capabilities with our compact and powerful 20ft Solar Energy Container construction. Designed to be strong and mobile, it offers 140kWh per day, thanks to its 60 m²; solar ...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

This containerized energy solution combines power, protection, and portability in a compact, scalable format. It is pre-engineered for plug-and-play deployment, reducing installation time and operational ...

Highjoule's mobile solar containers provide portable, on-demand renewable energy with foldable photovoltaic systems (20KW-200KW) in compact 8ft-40ft units.

20kW Solar-Powered Container for Airport Use

At SolaraBox, we design and manufacture advanced solar containers that bring clean, reliable, and mobile energy wherever it's needed. Built for multi-industry use, our systems replace ...
