Who is residential solar service?

We believe residential solar service is for everyone, which is why we offer competitive prices & leading services. We are North American Board of Certified Energy Practitioners (NABCEP) certified with industry-leading qualifications to service solar systems across the Carolinas.

Do you provide solar system design services?

At Leading Wholesale Solar Panels, we offer complete PV system design and permit plan sets for our solar systems. We are a wholesale supplier and system integrator, and our experienced partners provide these services. We do not offer energy production estimates or economic payback analyses.

Why should you choose a residential solar service & energy storage?

Back up the energy that your solar system generates. Energy Storage keeps the lights on during storms and outages. If you are planning on or already have an electric vehicle, an EV charger will ensure you are always ready to go. Why Choose us for Residential Solar Service & Energy Storage?

What does backwoods solar sell?

For nearly 50 years, Backwoods Solar has sold customized renewable energy equipment. We sell: solar panels (also called solar modules), wind turbines, micro-hydro turbines, all balance of system components, custom-built solar panel system kits and custom-designed solar power system plans.
