What is the best lithium leisure battery?

Our favorite lithium leisure battery is the Roamer LiFePO4. They offer products in the 12v and 24v range and a variety of sizes. What we love is that all of them are super lightweight and come with a handy mobile app! An AGM battery is named for how it works: by absorbing electrolyte in glass fiber for storage.

Is lithium a good battery?

At all. Zero. Nada. Zip. Lithium leisure batteries have no gas emissions and are very recyclable. So if using one Lithium battery replaces as many as 4 medium-sized lead-acid batteries, it's saving the Earth as much as 100kg of lead-acid batteries from needing to be recycled. Lithium is non-toxic and does not bioaccumulate like Lead does.

Are leisure batteries good?

Yes, lithium leisure batteries are good. They're in fact one of our personal favorite battery types as they are much more lightweight, can last longer, and come with automatic controllers to prevent over discharge. Can you overcharge a leisure battery?

What is the best campervan leisure battery?

The simple answer is, the best campervan leisure battery is likely to be the one that offers enough power for your needs - and preferably more. This should allow you to power all of your campervan kit, even the more high-powered items, with ease. Having said that, lithium batteries are the most powerful, but cost also comes into play.
