What is the Climate Solutions Foundation?

Our mission is to bring together ideologically diverse Members of Congress and their staff, global leaders, and corporate and trade executives to discuss climate science, economics, and policy. The Climate Solutions Foundation is a bipartisan organization.

What is the climate board?

The Climate Board synthesizes the torrent of climate information and derives deep insights so you can act effectively and decisively. We help you achieve better climate outcomes while paying close attention to your bottom line. When you join, you get access to on-demand insight on what works, without costly consulting fees or hires.

Who is the Climate Solutions Council?

B.C.'s Climate Solutions Council, which provides independent advice to government on climate programs, actions and accountability, has been renewed with the appointment of six new members. "The Climate Solutions Council's advice was central to the development of the CleanBC plan and its early implementation.

What is the Climate Solutions Caucus?

The Caucus exists to educate members on economically viable options to reduce climate risk and to explore bipartisan policy options that address the impacts, causes, and challenges of our changing climate. The Foundation supports the continued work of the House Climate Solutions Caucus and the creation of the Senate Climate Solutions Caucus.

The Climate Solutions Board of Directors recently adopted our new strategic plan to map out our direction for the next four years. This is the third time since I started here in 2008 that we ...
