-----  
What size generator container do I Need?

Our generator containers for Type 2, 3, and 4 gas engines have a standard 40-foot length. Width and height depend on engine type, the application (power generation only or CHP) and ambient conditions. Customized sizes to accommodate special project requirements are available on request.

Which genset containers are available?

All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat recovery configurations and exhaust after treatment systems.

Are Jenbacher containers available for gas engines?

Jenbacher containers are available for Type 2, 3, 4 and 6 gas engines. Our containerized solutions ensure excellent reliability for your power and heat generation needs.

What is a type 6 generator container?

Our Type 6 generator containers consist of two or three pre-assembled modules, depending on the engine type and the application. The overall package (gas engine, container, and auxiliary components) is available for 65, 70, 75 and 80 dB (A) in 10m (surface sound pressure level according to DIN 45635).

Twins; det er to generatorer sammenbygget i en container, der er synkroniseret; den ene tager over, hvis den anden går ned. Twins bruges, hvor man vil have dobbeltsikkerhed i sin strømforsyning.

Generator and Emergency Power Systems. Methanol Cabins - industry. Hybrid. Twin Disc - Marine products. Twin Disc - Marine transmission solutions. Twin Disc Power Take-offs - PTO. Twin Disc ...

Green Power Systems offers the possibility of installing generators inside CONTAINERS of 10' / 20' (BOX and HC) / 30' / 40' (BOX and HC) or SHELTERS according to the customer's requirements. All ...

Our line of containerized generators is easily configurable to the needs of any application, from rental to disaster relief to mining -- with a whole host of value-added standard features, options and ...
