"The main task is to get through the autumn-winter period with minimal electricity deficit", Prime Minister Vladimir Delba stated at a meeting at the Energy Security Headquarters in September 2025. Given ...

The upcoming three-month closure of Georgia's Enguri hydropower plant for repairs will leave the breakaway territory of Abkhazia without a regular energy supply. The plant accounts for all ...

The political climate in Abkhazia is already unstable, and the electrical issue has made it worse. Widespread demonstrations against a contentious Russian investment deal broke out last ...

Abkhazia faces an imminent energy crisis, potentially leaving the region without power for up to 16 hours a day unless funds are secured to purchase electricity from Russia. Amid strained ...

Russian authorities have started delivering "humanitarian" electricity to the breakaway Georgian region of Abkhazia to alleviate a severe energy crisis, Interfax reported Monday, citing the...

Abkhazia has switched to full power supply from IngurGPP since April 1, said the general director of Chernomorenergo Timur Dzhindzholia. According to him, taking into account the cool ...

Power cuts in the breakaway Georgian region of Abkhazia will be expanded, Abkhazian energy company Chornomorenergo said in a statement. Russia has been delivering "humanitarian" ...

Since 2020, Abkhazia has been facing a severe energy crisis. The generation from the Ingur hydroelectric power station, the republic's only power plant, is clearly insufficient. During the ...

A detailed look at how Russia's stance on Abkhazia intersects with winter energy shortages, budget pressures, and mining policy changes in the region

Funding from Russia for electricity in Abkhazia was secured only through mid-December 2024, leaving

Electricity policy abkhazia

uncertainty about energy arrangements starting January 2025. Moreover, Abkhazia ...
