Can I rent a generator?

Whether you require a temporary power source for a construction project, an off-grid oilfield, an event in a hard to reach location, or simply need an emergency backup power source during a power outage, we have generators to rent. Our rental fleet includes new and used portable and stationary gensets for standby, continuous, and prime power.

Why should you hire an emergency generator?

Emergency and backup generator hire with our rapid-response rentals, restoring power in the event of a grid failure, natural disaster, or equipment breakdown. Continuous power that's stable and reliable for off-grid sites or operations with no access to utility power.

Why should you rent a mobile generator?

Avoid costly downtime from planned outages and maintenance by renting mobile generators that keep operations running during shutdowns or upgrades. Supplementary and seasonal power with rightsized industrial generator rentals to manage peaks in energy demand or support power-intensive temporary projects.

Can you rent a generator at Home Depot?

Additionally, generators are also useful for recreational activities such as camping and tailgating. Stop by your local Home Depot Tool Rental Center to see how we can empower you. Rent a generator from The Home Depot for power outages, events or job sites. Gas and inverter models available for short or long term use.
