How many golf courses are open to the public?

The number of golf courses in each state is in constant flux, as new courses may open and existing courses may close at any time. Roughly 75% of US golf courses are open to the public, with the remaining 25% belonging to private clubs.

Which state has the most golf courses?

The state with the most golf courses is unsurprising, Florida. The Sunshine State is known for its tourism and the number of retirees that come south for the winter, domestically and internationally. Golf is usually a sport that is most associated with wealth and prestige, meaning that the equipment is marked up because of this.
