Through global technical integration and independent innovation, Hanergy has become a world leader in thin-film solar technology.

Hanergy is focused on the thin-film solar value chain, including manufacturing of solar modules and equipment, and developing of solar parks. It develops copper indium gallium selenide (CIGS), gallium arsenide (GaAs) and silicon heterojunction thin-film technologies. Hanergy also operates as an original equipment manufacturer, manufacturing thin-film components for various companies in the automotive industry. It cooperates with Audi, FAW-Volkswagen, Guangqi Honda, Tesla, and Bolloré, as well as dom...

Hanergy America Solar Solutions sells solar modules and applications products, and develops solar projects throughout the Americas. Using state of the art proprietary photovoltaic modules, we ...

Incorporated in California as Hanergy Thin Film Power America Inc. and doing business as Hanergy America Solar Solutions, our team has been active in the U.S. market since 2010 and is comprised of ...

Hanergy is a China based solar company. It is the largest thin film company, with more than 8000 employees. Hanergy Holding Group Ltd. was established in 1994, with its head quarters in Beijing. It ...

Since entering into the thin film power generation industry in 2009, the Group has been actively involved in the investment and research of the thin film solar energy technology, adopted as the Group's core ...

Hanergy's solar power generation installation solutions are redefining renewable energy with flexible thin-film technology that's turning roofs into power plants - sometimes so sleek you might mistake ...

Established in 1994, the company is headquartered in Beijing. It has branches in provinces all over China as well as in the Americas, Europe and the Middle East, Asia-Pacific and Africa, with core ...

Hanergy Solar Photovoltaic Power Generation Agent

Hanergy is focused on the thin-film solar value chain, including manufacturing of solar modules and equipment, and developing of solar parks. It develops copper indium gallium selenide (CIGS), ...

Hanergy, a multinational clean energy generation company began almost 25 years ago and grew to be the World's largest thin film solar (CIGS) technology company with installed capacity over 6GW ...
