---

?Mfg Process?:Cutting, bending/folding, stamping/punching, welding, polishing, surface treatment.  
?Specification? : 3 holes, Hot dip galvanizing steel Q235B, L150mm, 3mm and 5mm thickness

It enjoys a convenient transportation location, being only 50 kilometers away from Tianjin Port. There are about 190 registered employees, and it has a professional team for the research and development, ...

Hot-Dip Galvanized Steel PV mounting structure designed and manufactured by HDsolar, adapt to the specific conditions of each project (terrain, calculation standard, climate conditions, etc.) ...

Hot-dip galvanized photovoltaic (PV) mounting is a metal structural system designed to provide support for solar PV modules, with the steel surface treated against corrosion through the hot-dip galvanizing ...

Here are some of the main accessories: Four-hole triangle, eight-hole triangle: used for the basic connection of photovoltaic brackets. Triangle connection, welding base, base: provide stable support. ...

Hot Dip Galvanizing Steel Pv... 150\*65\*5.0+U49\*50\*3.0mm or customized size. Base connector with standard AISI, ASTM, GB,BS,EN,JIS,DIN or customer"s drawings. ?Materials?:Carbon steel, ...

Fixed function: The photovoltaic base firmly fixes the photovoltaic modules in the designated position through connectors and support frames, ensuring their stability under various weather conditions.

To enhance their longevity and resistance to corrosion, our brackets undergo advanced surface treatment processes, including hot-dip galvanization and a galvanized aluminum-magnesium ...

Strict quality control ensures the performance and life of the product, and the system is compatible with most PV mounts on the market. The solar PV mounting system features no re-welding and drilling, ...

## Hot-dip galvanized photovoltaic bracket welding base

The Solar base connector is usually made of concrete or steel and is designed to be installed on the ground. Solar base connector provides a solid foundation for the support system and ensures ...
