Xbattery, an energy storage solutions startup based at T-Hub, Hyderabad, announced the official launch of BharatBMS, a high-voltage Battery Management System (BMS). BharatBMS is ...

Our ecosystem offers everything you need to optimize and configure your battery's performance and streamline your operations from real time analytics to cloud based diagnostics.

Xbattery, a leader in energy storage technology based in T-Hub, Hyderabad, has officially launched BharatBMS, a high-voltage Battery Management System (BMS) designed to ...

AI-driven Battery Management Systems (BMS) analyse real-time battery data, including temperature, charge cycles, voltage levels, and driving patterns, to optimise energy consumption and ...

Xbattery, announces the official launch of BharatBMS, a high-voltage Battery Management System (BMS). BharatBMS is designed to solve energy storage challenges in homes, factories, EV fleets, ...

Centred around its flagship product BharatBMS, India's first indigenously developed unified Battery Management System (BMS), Xbattery delivers high-voltage solutions paired with ...

Hyderabad-based deep-tech startup Xbattery is developing intelligent, secure BMS solutions to power India's clean energy and electric mobility shift.

BharatBMS integrates advanced thermal management, real-time monitoring, adaptive cell balancing, remote diagnostics, and safety features. These capabilities ensure precise battery ...

Maxwell Energy Systems represents one of India's most significant Battery Management System success stories. Originally founded as the hardware division of Ion Energy, a Mumbai-based energy ...

India s new energy BMS battery management system

Detailed info and reviews on 6 top Battery Management Systems companies and startups in India in 2026. Get the latest updates on their products, jobs, funding, investors, founders and more.
