-----

GoodWe SMT 50-60kW Series inverter is ideal for medium and large-scale commercial installations. Harvest solar energy and generate environmental-friendly power for increased return on investment ...

The 50 & 60 kW (55 & 66 kVA) medium-power CPS three-phase string inverters are designed for ground mount, large rooftop and carport applications. The units are high performance, ...

With max. 15A DC input current per string, the SMT 50-60kW Series is compatible with different types of high-power modules, which ensures more solar power absorption making it one of the most ...

Welcome to our dedicated page for Kosovo inverter 60kw parameters! Here, we provide comprehensive information about large-scale photovoltaic solutions including utility-scale power plants, custom ...

RS485 (WiFi/GPRS optional)

renewable energy in Kosovo and wider. Our company has installed over 5 MWp photovoltaic systems only during this period 2021 - 2022, including self-consumption photovoltaic systems.

\*1 The maximum input voltage is the upper limit of the DC voltage. Any higher input DC voltage would probably damage inverter. \*2 Any DC input voltage beyond the operating voltage range may result in ...

S5-GC (50-60)K three-phase series string inverter are suitable for the installation of three-phase input pv system of commercial and industrial PV plants. Adopt 5/6 MPPT design to provide a more flexible ...

The inverter has maximum efficiencies of 97% conversion and 98.5% Euro efficiency, dimensions of 485x360x270mm, weighs 68kg, and is rated to operate from -25 to 60 degrees Celsius with 0-100% ...
