What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

Are Aze Telecom cabinets waterproof?

AZE Telecom offers top-quality weatherproof outdoor electrical enclosures and telecom cabinets. Designed to protect your equipment from rain, dust, and extreme temperatures, our waterproof and customizable solutions ensure reliability in any environment. Learn more! IP55 Rated | 24U | AC110V or 220V 2700BTU Cabinet Air Conditioner

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.
