The Power Plants and Neighboring Communities Mapping Tool (PPNC) is an interactive map that displays socioeconomic information of communities, along with the location and operating ...

Welcome to our comprehensive Solar Map, your ultimate guide to locating solar farms, solar roofs, solar parking lots, and solar schools across the country. Whether you're a solar enthusiast, an ...

Learn about solar power in your city and state. View local solar energy data and get advice on how to utilize solar panels as a power source.

Welcome to the Global Solar Atlas. Start exploring solar potential by clicking on the map. Select sites, draw rectangles or polygons by clicking the respective map controls. Calculate energy production for ...

Local solar uses smaller, distributed facilities that produce power closer to the homes and communities where it's being used. The two most common forms of local solar are community solar and rooftop solar.

They give private households, municipalities and small companies the opportunity to use a local solar park together. "Community Solar" programs can be initiated either by the state or by local energy ...

The following is a list of photovoltaic power stations that are larger than 500 megawatts (MW) in current net capacity. Most are individual photovoltaic power stations, but some are groups of co-located plants owned by different independent power producers and with separate transformer connections to the grid. Wiki-Solar reports total global capacity of utility-scale photovoltaic plants to be some 96 GWAC which generated 1....

View the map of solar panel locations near you: solar farms, solar communities, solar parking lots, solar schools, solar roofs on buildings.

Interactive map of solar farms in the US. View the largest projects, track new developments, and explore capacity data across all states.

Local solar power plants

This electricity generation may shift to other power plants that burn coal or natural gas, or to renewable energy sources such as wind and solar. The interactive map linked below shows recent ...
