How big is the data center battery market?

The market for data center battery was valued at USD 3.4 billion in 2024 and is expected to reach around USD 5.9 billion by 2034, growing at 5.5% CAGR through 2034. Data center battery market was valued at USD 3.4 billion in 2024 and is estimated to grow at a CAGR of over 5.5% from 2025 to 2034 driven by growing advancements in battery technology.

How is data center battery market segmented?

Based on application, the data center battery market is segmented into uninterruptible power supply, backup power systems, energy storage systems, and peak shaving & load balancing. The uninterruptible power supply segment dominated the market with market share of 52% in 2024.

How big is the Asia Pacific Data Center battery market?

The Asia Pacific market held around 35% share in 2024. How big is the data center battery market? The market for data center battery was valued at USD 3.4 billion in 2024 and is expected to reach around USD 5.9 billion by 2034, growing at 5.5% CAGR through 2034.

What are the top 5 companies in data center battery industry?

The top 5 companies of data center battery industry are Delta Electronics, East Penn, Enersys., Leoch international Technology, and LG Energy Solution. They collectively hold a market share of around 30% in the market. Enersys focuses on the development of innovative battery technology for data centers.

Global Power Supply provides secure, industry-compliant cabinet systems for data centers, hospitals, and other critical facilities that depend on uninterrupted power.

C& D Technologies introduces battery cabinets for UPS Systems. We carry a full line of factory-assembled cabinets designed for data center UPS backup systems with pure lead agm batteries.

The global market for Data Center Battery Backup Unit was estimated to be worth US\$ 948 million in 2025 and is projected to reach US\$ 2081 million, growing at a CAGR of 12.1% from 2026 to 2032.

Arimon offers several standard monobloc or top terminal battery cabinet sizes for 10 kVA to 125 kVA UPS

# Market Price of 380V Emergency Data Center Battery Cabinet

systems accommodating monobloc batteries from 100 WPC (64 batteries) to 540 WPC (40 ...

Prices for lithium carbonate surged from roughly \$6,000 per metric ton in 2020 to peaks above \$76,000 in 2022, with cobalt prices fluctuating similarly. Raw materials now account for ...

The data center battery market is estimated to be valued at USD 3.6 billion in 2025 and is projected to reach USD 6.1 billion by 2035, registering a compound annual growth rate (CAGR) of ...

Data center battery market was valued at USD 3.4 billion in 2024 and is estimated to grow at a CAGR of over 5.5% from 2025 to 2034 driven by growing advancements in battery technology.

We can supply customized lead acid battery rack and cabinet system for solar, UPS, Telecom, Data center etc. EverExceed designs customized battery cabinets / racks for individual batteries. The ...

Exponential Power's Battery Cabinets & Enclosures provide durable, secure solutions for telecommunications and industrial applications. Designed to protect battery systems, these cabinets ...

Industrial Power Distribution Cabinet for Data Center 380v Electrical Panel Cabinet
