N bifacial dual glass Monocrystalline module PRODUCT: TSM-NEG21C.20 PRODUCT RANGE: 695-720W

The N-type double glass bifacial modules optimize light absorption on both sides, boosting energy generation. The half-cell configuration reduces hot spots and mechanical stress, while also ...

JA solar JAM54D40 series is an n-type bifacial double glass high-efficiency mono module, a power range from 430W to 455W. Powered by the latest SMBB n-type solar cell and half-cell configuration, ...

16BB HALF-CELL N-Type TOPCon Bifacial Double Glass Monocrystalline PV Module 580-600W POWER RANGE 23.22% MAXIMUM EFFICIENCY

Dual glass is the preferred structure for the rear side cover of the N-type modules because the glass-glass version can maximize the advantages of the N-type.

The product combines 182mm large-size silicon wafers with N-type, multi-busbar, half-cut, and improve the energy density of the module with high-density cell interconnect technology and bifacial technology.

JA Solar JAM72D40 600W N-Type Bifacial Double Glass Module offers exceptional durability and efficiency for residential, commercial, and utility-scale installations. Engineered as a high-efficiency ...

Unlock superior solar performance with the JA Solar 605W N-Type Bifacial Double Glass Solar Panel. This cutting-edge module leverages advanced N-type cell technology and an innovative bifacial ...

ZERO LID (Light Induced Degradation) N-type solar cell has no LID naturally which can increase power generation.

N-type monocrystalline bifacial **double-glass module**

The ZNSHINE SOLAR ZXM8-GPLDD132 705W is a TOPCON Bifacial Dual Glass high-performance photovoltaic module designed for utility-scale and large commercial solar installations.
