-----  
What are the education and care services national regulations?

The Education and Care Services National Regulations (National Regulations) support the National Law by providing detail on a range of operational requirements for an education and care service including: fees for a range of transactions. To purchase a hard copy of the regulations from The Information Management Group (TIMG):

What are national laws?

National laws, also known as domestic laws, are laws that exist within a particular country. They can be federal, affecting the whole nation, or state, which applies to a specific state. National laws include primary laws (acts) and secondary laws (regulations) that allow the primary laws to be implemented and enforced.

What is the Code of Federal Regulations (CFR) annual edition?

The Code of Federal Regulations (CFR) annual edition is the codification of the general and permanent rules published in the Federal Register by the departments and agencies of the Federal Government. It is divided into 50 titles that represent broad areas subject to Federal regulation.

How are federal regulations created?

Regulations are the means by which Federal agencies implement and enforce the laws and legislation passed by Congress. Federal regulations are created through a process known as "rulemaking." Regulations effect our everyday life! Regulations are published in the Federal Register as they are passed.
