Advertisements of "free solar panels" seem too good to be true. But are "free solar panels" really free? In this article, we'll debunk this marketing tactic and discuss how to get solar for ...

In this article, we'll break down what "no-cost solar" and "no-money-down solar" actually are, how some companies use these terms to mislead customers, what you should watch out for, ...

Here's the reality: "Free solar" typically means solar with no ...

These "free" solar panels are typically offered through solar panel leases or power purchase agreements (PPAs), which allow individuals to install solar panels without the high expense.

Solar panel grants are direct cash payments or credits that reduce the upfront cost of installing a solar energy system on your home. Unlike loans, these funds don't need to be repaid. ...

Although free solar panels are rarely a reality, you can use several common adoption methods to install a PV system on your property without upfront costs. In doing so, you can find the ...

Here's the reality: "Free solar" typically means solar with no upfront cost--not solar you'll never pay for. These offers often refer to solar leases or power purchase agreements (PPAs), ...

There's no such thing as free solar panels or free government solar programs. Most "free" offers are actually leases, power purchase agreements, loans or scams.

The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. However, the federal government does ...
