What is the best solar power charger for outdoor use?

Our overall winner is the 1 pound, 5 ounce BigBlue 28W USB Solar Charger for most outdoor use. It's a simple, lightweight, and powerful solar power charger that seems to provide a little more power than its competition. It will also provide enough power in direct sunlight to charge multiple small devices for one or two people.

What is a solar power charger?

There's a lot to understand about solar power chargers, but at their heart, a small solar panel consists of several photovoltaic cells grouped together to absorb some of the sun's energy and convert it into an electric charge that you can use to charge electronics.

Which solar charger is best for base camping?

The Goal Zero Nomad 50 is a larger solar charger that is our winner for best for base camping. At 50 watts, it's the biggest and heaviest solar charger we tried. Like the Nomad 20, it can be linked to other solar panels and the only one that can be attached in a series to provide even greater charging power to a battery power bank.

Are portable solar chargers a viable way to provide electricity outdoors?

Thanks to efficiency advances and cost decreases in solar cells, portable solar chargers are finally proving to be a viable means of providing electricity outdoors. A backcountry user might carry a smartphone, GoPros, headlamp, tablet, camera, headphones, and PLB or GPS devices.

Due to the increasing pressures of modern life, individuals are increasingly drawn towards reconnecting with nature through activities such as outdoor exploration, camping, and mountain ...

Looking for compact solar solutions that store power for later use? This guide highlights five compact solar panel systems paired with built-in or accompanying storage options, designed for camping, ...

We tested and reviewed the best portable solar chargers and panels with power banks for camping, basecamping, and other outdoor adventures.

We tested 100+ watt solar panels from Goal Zero, Jackery, Ecoflow, BigBlue, Renogy, and more for RVs, camping, and to charge power stations.

Outdoor small solar charging system
