The Apollo Panda solar panel is a revolutionary solution for solar energy generation, designed to fit structures with load limits or curved surfaces. Built with patented cell technology that's ...

Engineered for efficiency and resilience, Apollo's panels are ideal for commercial and industrial buildings, warehouses, sports halls, and greenhouses, as well as for old and historic ...

310W Apollo Panda- AL0606 Explore the 155W Apollo Panda flexible solar panel - designed for a wide range of solar applications, from automotive to recreational and more

Designed for lightweight structures like pergolas, patio covers, or home extensions, these ultra-light panels bring clean energy without the need for heavy-duty installations. Their sleek, flexible form ...

Apollo Panda flexible solar panels with double-sided adhesive tape deliver ultra-light, high-efficiency, and fast-install solar power for curved surfaces.

Explore the Apollo Panda series - flexible, lightweight, and durable solar panels made for a range of applications.

Excellent power generation, excellent reliability and high cost performance: PANDA bifacial series modules, based on the state-of-the-art PANDA N-type monocrystalline silicon cell technology, feature ...

The Apollo Panda is a highly durable, ultra-lightweight, and fully flexible solar panel. Apollo Panda is specifically designed to fit any lightweight structure with load limits or curved surfaces.

The solar PV carport system harnesses solar energy to create clean photovoltaic energy, which is then used to charge electric vehicles, illuminate and integrate into the grid.

Yingli is a high-quality, low cost producer of Panda monocrystalline and YGE polycrystalline solar panels.

Panda Photovoltaic Panel

High efficiency PANDA modules are created from an innovative N-type cell technology.
