These Solar PV Connectors (4mm) are electrically designed plug and socket connectors that are utilized for adjoining solar panels in a photovoltaic system. This product includes a male and female connector.

Photovoltaic Connectors are designed specifically to be used with solar panels. The types of connectors include combiner box, converter receptacle, end cap, female coupler, male coupler, junction box, and ...

BougeRV solar connector is specifically designed for connecting photovoltaic solar systems with high mechanical requirements and extreme weather conditions, for permanent installations
