In conclusion, while Momentum Solar is not a pyramid scheme in the traditional sense, the company has faced significant criticism regarding its business practices.

In summary, while Momentum Solar isn't a pyramid scheme, the numerous customer complaints about their practices suggest that prospective customers should proceed with caution.

A contraption he'd rigged up in his driveway--a car trailer decked with solar panels and a heavy battery--got the attention of people with real money. Carpoff could scarcely have imagined it.

Selling solar is not a Ponzi scheme -- it is a legitimate and rapidly ...

While community solar itself is a legitimate, regulated energy program, the industry has seen an increase in misleading or high-pressure sales tactics. These tactics can resemble the ...

It's legit but there are a lot of scummy companies and it heavily follows the 80/20 rule. 20% of the people make 80% of the money. Odds are he'll make a percentage off of your sales if you decide to work for ...

The Momentum Solar pyramid scheme controversy starts with one of the industry's most tempting marketing hooks - the promise of "free solar panels." Homeowners get unexpected phone ...

Selling solar is not a Ponzi scheme -- it is a legitimate and rapidly growing industry based on real products (solar panels, inverters, batteries) that deliver real value: clean, renewable energy.

Ponzi Schemes aren't anything new in the vast world of corporate fraud. However, it's rare to see one of the pyramid scams go as far as to steal billions from its investors, such as what ...

Are free solar panels really free? Or are companies like Momentum Solar just highly funded scams? It turns out, maybe a little bit of both.

Solar panels are a pyramid scheme

Some customers say they were victims of fraud and forgery. This threatens rooftop solar's impressive momentum. Now, some solar companies are working to repair the industry's ...
